

MONTHS OF THE YEAR TIC_TAC_TOE

Directions: Play just like tic-tac-toe but you need to say the month prior to selecting a box. The youngest player goes first and selects a box using either an "x" or "o" - cross out or circle the word. Alternate selecting boxes. The first player to get three in a row wins the game.

August	January	June	October	April	November
October	September	December	August	February	July
April	February	March	May	June	September

March	June	January	September	January	December
May	October	December	July	November	February
November	April	July	August	May	March
